Your children can have opportunities to challenge themselves, get active, have outdoor experiential activities, learn to relax and unwind, forge new friendships and express themselves through artistic explorations through our tailor-made activities to develop children's adaptability, critical thinking skills and confidence. Additionally, we take pride in offering educational activities driven by STEAM principles, ensuring that learning is fun and engaging for children.

Furthermore, we are delighted to introduce our British Council Accredited English programme, led by native English teachers from UKLC, one of the leading providers of English programmes in the UK. 我们把安全放在首位

安全は私たちの最優先事項です

안전은 우리의 가장 우선 사항입니다

ความปลอดภัยเป็นสิ่งที่เราให้ความสำคัญมากที่สุด

SAFETY IS OUR FIRST PRIORITY

OVER 40 YEARS OF SAFETY EXPERIENCE

With over 40 years of experience in caring for children during the school holidays, we take great pride in our safety standards. When Inspiring Learning first came to Asia in 2017 with its British summer camps, we brought along world-class European camp management standards. These standards include rigorous physical and mental safety measures, proactive incident prevention protocols, and the implementation of the 'Speak Up-Speak Out' child safety protection principles.

SAFETY STANDARDS

The safety & welfare of everyone at Camp Beaumont Asia remains our number one priority at all times, and has always been at the forefront of everything we do. Our friendly and skilled teams ensure that every camp is packed with lots of fun activities, backed up by safety management systems and requirements, including:

- First-aid trained staff
- Strict pick-up and drop-off regulations
- Camp risk assessment standards including building fire protection and anti-slip flooring
- Incident reports and analysis
- Acknowledgement for administration of medications
- Attention to allergies and restrictions

STAFF TRAINING

Our instructor training system has been developed over 40+ years in the UK, and more recently in Asia. It has been designed by activity specialists, In2Action, to ensure that our award-winning teams receive the best training in the industry. Our staff are trained in various areas, including childcare, camp safety, and the execution of programme activities, and they are expected to adhere to our standard training protocols.

Camp Beaumont Asia also follows a carefully structured recruitment process that includes multiple rounds of interviews to ensure the selection of the best staff. New coaches are required to complete over 40 hours of instructor training, obtain first-aid certification, and undergo two rounds of written examinations and one round of on-the-job real-time assessment before they are employed.

CAMP OPERATIONS

The ratio of instructors to campers at Camp Beaumont Asia camps is:

- 1:6 for Playtime (3–4 years old)
- 1:8 for Magic (5–7 years old),
- 1:8 for Active (8–12 years old)
- 1:8 for Teen (13–16 years old)

Furthermore, experienced camp managers are present to provide support for the safe execution of camp activities. To ensure the holistic development and well-being of children, we have implemented the British child protection system and established a strict code of conduct for our staff as they work with children under our care.

SAFE RECRUITMENT

Camp Beaumont Asia adheres to a strict recruitment process, which includes essential checks to ensure that all employees are qualified and suitable to work with children.

Alongside mandatory police and background checks, our staff must provide two satisfactory references before commencing their roles. Regular observations are conducted to monitor performance, ensure continuous improvement, and provide additional training to staff and management as needed. This helps us maintain the outstanding quality of programmes we deliver.

SAFEGUARDING

Camp Beaumont Asia, as part of the Inspiring Learning family, acknowledges the duty of care to safeguard and promote the welfare of children who are entrusted to our care. At each camp location, our Designated Safeguarding Lead (DSL) is accessible at all times.

All staff are also trained to understand and adhere to stringent safeguarding practices. We emphasize and promote a culture of openness, addressing concerns seriously and promptly. This approach enables us to provide high-quality educational programmes in a safe and secure learning environment for all participants.

The program has been divided into 8 sections, specifically designed to offer a mix of stimulating and relaxing activities within a completely safe and secure setting. Energetic play, such as bouncy castles, is interspersed with quieter times, like storytelling, ensuring that little ones return home feeling content and energized.

OUR EARLY YEARS STAFF

From the moment children arrive, they are greeted by smiling, friendly faces. Personal interaction is key, and our staff are selected not only for their qualifications but also for their nurturing nature and sensitivity towards younger children. We maintain a staff-to-child ratio of 1:6 at all times, ensuring that each child receives the attention and care they deserve.

THEMED DAYS

Playtime is centered around our Themed Days. They comprise several instructor-led games, periods of child-led play, arts & crafts, and a snack time. Many of our activities also incorporate STEAM elements within them.
